

RiMaxio

High pressure-jet camera for cleaning and inspections from DN 50 – DN 150 (ID 2.0" – ID 6")
45° bendable from DN 50 (ID 2.0") (art-no. 88083)

with the following equipment:

- **System**
 - 20 m (60 ft.) high pressure hose DN 8 (ID 0.3")
 - 40 m (130 ft.) camera cable
 - Front camera with steerable high pressure nozzle
 - Forward fired nozzle DN 8 (ID 0.3") with changing use
- **Handling**
 - simply carrying via different grip possibilities (lateral, in front of the breast, etc.)
 - lifting in pairs (onto a scaffold for example)
 - passing to another person (into a trench for example)
- **Stability**
 - all-round protection by circular cage
 - Composition of sturdy stainless steel, high-quality synthetic Material and lightweight aluminium for a perfect relation between stability and weight
 - industry-mounted reel bracket
 - stable stand by large footprints
 - splash water protected
- **Display**
 - display (optional) turn able in all directions
- **Brake**
 - high grade wheel disc brake
 - rapid choice with grip " Firm Dragging-Loose " (fine adjustable via Twist-part on the grip)
- **Meeter counter**
 - high precision meeter counter with displaying in the monitor
 - set of meters on / off with buttons control
 - minimum of movable elements
- **Service**
 - service pleasant by numerous plug connections and modular structure
 - easy packaging and transporting because of cubical form
- **Other**
 - bag for small parts

options:

	Name	article	art-no.	price
1	TFT-monitor, 5.6" • adjustable holder on reel • robust metal – housing with sun shield		20170	
2	TFT – Monitor 5.6" with SD – card memory • adjustable holder on reel • robust metal – housing with sun shield • SD-memory card-slot for saving of single pictures or video sequences • SD-card 4 GB (up to max. 32 GB upgrade possible) • easy handling with integrated buttons		20171	
3	TFT – Monitor 8" with SD – card memory • high resolution • adjustable holder on reel • robust metal – housing with sun shield • SD-memory card-slot for saving of single pictures or video sequences • SD-card 4 GB (up to max. 32 GB upgrade possible)		20172
